Experience

REBOOT CONSULTANCY AND SERVICES

Backend Intern

Jun 2023 – July 2023

Pune, Maharashtra

- As a Backend Intern, I proficiently utilized PHP and MySQL to contribute to the successful completion of one live project.
- My responsibilities included database management and seamless collaboration with the development team, enhancing my skills in backend development and project coordination.

GedIT Coding Club VIT PUNE

Domain Head Java, Data Structure

Jun 2023 – Jul 2023

Pune, Maharashtra

- I served as the Head of Java and Data Structures at GedIT Coding Club, where I led and mentored a team of aspiring programmers
- I led and mentored a team, organized workshops and coding competitions, and provided expertise in Java programming and data structures

YUJ CLUB VIT PUNE

Technical Coordinator

Nov 2022 – May 2023

Pune, Maharashtra

- In my role as Tech Coordinator at Yuj Yoga Club, I adeptly implemented technology solutions to improve club operations

Projects

SIDDHI TRADERS MANAGEMENT | *Android Studio, Java, MySQL, PHPMyAdmin*

- SIDDHI TRADERS MANAGEMENT is an Android application for Siddhi Traders, a shop in Sangli. The project aims to provide an efficient and user-friendly platform for managing stock and employee information for Siddhi Traders.

IDENTITY BOOST | *Java, MySQL*

- This is a Java-based project using the Swing library that interacts with a MySQL database. The project serves as an interface for generating Aadhaar cards and searching for Aadhaar cards using UID (Unique Identification) numbers.

PLACEMENT PORTAL | *Html, Css, Javascript, Php, MySQL*

- Created a dynamic Project Placement Portal featuring separate logins for students, administrators, and companies.
- Streamlined the recruitment process by allowing companies to post drives, students to apply, and administrators to announce results.
- Demonstrates my web development and database management skills while optimizing the placement procedure.
